CALLIGRAPHY TO COLOUR

CLAS is a group that brings together everyone who is interested in the art of beautiful writing. As an educational charity we wanted to create some fine lettering for people to share our passion.

Calligraphy means “Beautiful writing” and calligraphers love the aesthetics of letter shapes and choosing colours from a spectrum of paints and pigments. We know the therapeutic benefits of losing yourself in colour and shape and hope that this colouring book brings pleasure and calming happiness.

Calligraphic artists from Hampshire Calligraphers generously created these letter designs, which they have made to share copyright free and free of charge. The designs can be coloured in by adults or children, and we hope that organisations may make use of them by being able to copy the pages freely (permission is granted for non-commercial use).

Calligraphy is a hands-on activity and a craft that stimulates concentration and creativity. Time spent colouring allows you to switch off from external worries – you could even pretend that you are in a medieval scriptorium! We think the coloured pages might make fine greetings cards for loved ones as well.

Nurture your inner artist and enjoy bringing colour to illuminate these letters.
